Restoring Hope-Cp Smith 2019-04-17 Life throws you curve balls, but no parent should ever bury a child. Determined not to make the same mistakes with his son as he made with his daughter, Nic Beuve is single-minded until Hope walks into his life. Hope Delaney, a woman with a past that almost broke her, tries to keep people at bay for their own protection. Fortunately for her, no one listens when she says she wants to be alone. A burning desire, a deep need to protect, and a woman who looks like an angel breaks down Nic's defenses until he can't ignore them. He wants Hope and what Nic wants . . . Hope thinks she can walk away at any time. She just wasn't counting on a man like Nic to get in the way-or a nosy but loving Cajun

Boss. All's fair in love and war, and Maman Rose wants Nic and Hope together. Will their relationship survive an ex-wife with an agenda or will her past come between them-or kill them?

Amber Brown Wants Extra Credit-Paula Danziger 2008 Getting fed up when her room falls into shambles, her homework is late, and her mother begins to date someone, a frustrated Amber Brown wishes that someone would give her a little credit.

Kindling-David Cappella 2016-01-18 Bullied in school, the brother of a rebellious sister, without real friends, and stifled by an overbearing father - these incendiary ingredients have ignited 15-year-old Zeke Titcomb, a full-fledged pyromaniac. He has terrorized the small town of Chaldea, Maine by torching his high school to the ground. And the town will never be the same. But the high school is only the beginning. Zeke's unsuccessful attempts to set the adjacent Junior High School on fire and the neighboring Walloomsac High School strain the efforts of the authorities, desperate to find the culprit, but not before Zeke has further traumatized the townspeople with a burning spree. Zeke, now incarcerated in the Portland Youth Center, isolated and sulky, withdraws. Dr. Elizabeth Proctor, his appointed psychologist, convinces him to begin writing in a journal. Something strange happens - Zeke begins to open up. In it, he gradually reveals the events that

led up to the fires, his feelings about life in Chaldea, and the family anxieties that burden him. Zeke immerses himself in his journal. Only when his parents allow two staff members from his old high school, a former English teacher and the school librarian, to help him work on his writing, does Zeke begin to catch a glimpse of what he has done and who he is.

Amber Brown Goes Fourth-Paula Danziger 2007-10-04 Only Amber Brown can handle going to a new grade without her best friend with such honesty, humor, and heart. Amber Brown isn't entirely ready for fourth grade. She has her pens, pencils, new clothes, and new shoes. But the one thing she doesn't have is her best friend, Justin Daniels. Justin has moved away, leaving Amber utterly best friend-less. Amber knows Justin can't be replaced, but she is on the lookout for a new friend. Brandi seems a likely choice, but does Brandi want to choose Amber in return? Will Amber Brown go fourth, and go forth, with a new best friend? Along with the ups and downs of shared custody, the Amber Brown chapter books are beloved for tackling relatable dilemmas with thoughtfulness, humor, and plenty of puns.

The Honey Jar-Rigoberta Menchú 2020-09-01 In this book, Nobel Peace Prize winner and Maya activist Rigoberta Menchú Tum returns to the world of her childhood. The Honey Jar brings us the ancient stories her grandparents told her when she was a little girl, and we can imagine her listening to them by the fire at night. These Maya tales include creation myths, a classic story about the magic twins (which can also be found in the Popol Vuh), explanations of how and why certain natural phenomena came to exist, and animal tales. The underworld, the sky, the sun and moon, plants, people, animals, gods and demi-gods are all present in these stories, and through them we come to know more about the elements that shaped the Mayas' understanding of the world. Rich and vibrant illustrations by noted Mazatec-Mexican artist Domi perfectly complement these magical Maya tales. Key Text Features illustrations

The Cats of Ulthar-H. P. Lovecraft 2020-09-02 Ulthar is a city in which it is forbidden to kill cats. But it was not always the case - years ago there was an old cotter and his wife who enjoyed trapping and killing the cats of their neighbours. The locals were frightened by the odd couple, and no one dared to put a stop to their nonsense. Things changed, however, when a certain traveller arrived in the town. When his black kitten suddenly disappeared, he decided to pray - with unexpected consequences. 'The Cats of Ulthar' is H. P. Lovecraft's thrilling short story first published in 1920. H.P. Lovecraft (1890-1937) was an American horror writer. His best known works include 'The Call of Cthulhu' and 'the Mountains of Madness'. Most of his work was originally published in pulp magazines, and Lovecraft rose into fame only after his death at the age of 46. He has had a great influence in both horror and science fiction genres.

Lectures on Petri Nets I: Basic Models-Wolfgang Reisig 1998-11-04 The two-volume set originates from the Advanced Course on Petri Nets held in Dagstuhl, Germany in September 1996; beyond the lectures given there, additional chapters have been commissioned to give a well-balanced presentation of the state of the art in the area. Together with its companion volume "Lectures on Petri Nets II: Applications" this book is the actual reference for the area and addresses professionals, students, lecturers, and researchers who are - interested in systems design and would like to learn

to use Petri nets familiar with subareas of the theory or its applications and wish to view the whole area - interested in learning about recent results presented within a unified framework - planning to apply Petri nets in practical situations - interested in the relationship of Petri nets to other models of concurrent systems.

The 48 Laws of Power-Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Concrete Construction Manual-Friedbert Kind-Barkauskas 2013-01-07

The Construction Manuals from Edition Detail are among the most important reference works in the specialist literature. The latest volume shows the potential of the material concrete and documents comprehensively the technical principles of using concrete in construction. Chapters cover the history of the material, the properties of concrete, reinforced concrete, and prestressed concrete, the treatment of its surface. Also covered are the basic principles of statics for large and small structures, and the building requirements with respect to heat, damp, sound-proofing and fire protection according to the most recent norms and standards. Finally a large number of built examples are presented from illustrations of the complete structure down to detailed plans, showing the broad spectrum of applications for concrete in contemporary building. All plans have been specially produced by the editorial department Detail for this book and for ease of comparison, they have been drawn to the same scale.

Exercises in Computational Mathematics with MATLAB-Tom Lyche

2014-09-02 Designed to provide tools for independent study, this book contains student-tested mathematical exercises joined with MATLAB programming exercises. Most chapters open with a review followed by theoretical and programming exercises, with detailed solutions provided for

all problems including programs. Many of the MATLAB exercises are presented as Russian dolls: each question improves and completes the previous program and results are provided to validate the intermediate programs. The book offers useful MATLAB commands, advice on tables, vectors, matrices and basic commands for plotting. It contains material on eigenvalues and eigenvectors and important norms of vectors and matrices including perturbation theory; iterative methods for solving nonlinear and linear equations; polynomial and piecewise polynomial interpolation; Bézier curves; approximations of functions and integrals and more. The last two chapters considers ordinary differential equations including two point boundary value problems, and deal with finite difference methods for some partial differential equations. The format is designed to assist students working alone, with concise Review paragraphs, Math Hint footnotes on the mathematical aspects of a problem and MATLAB Hint footnotes with tips on programming.

Lilus Kikus and Other Stories-Elena Poniatowska 2005 Lilus Kikus, was erroneously first labeled a children's book because it had a young girl as protagonist, it included illustrations, and the author was an unknown woman. Accompanying Lilus Kikus in this first American edition are four of Poniatowska's short stories with female protagonists, only one of which has been previously published in English.

The U.S. War with Mexico-Ernesto Chavez 2018-12-05 The U.S. war with Mexico was a pivotal event in American history, it set crucial wartime precedents and served as a precursor for the impending Civil War. With a powerful introduction and rich collection of documents, Ernesto Chavez makes a convincing case that as an expansionist war, the U.S.-Mexico conflict set a new standard for the acquisition of foreign territory through war. Equally important, the war racialized the enemy, and in so doing accentuated the nature of whiteness and white male citizenship in the U.S., especially as it related to conquered Mexicans, Indians, slaves, and even women. The war, along with ongoing westward expansion, heightened public debates in the North and South about slavery and its place in newly-acquired territories. In addition, Chavez shows how the political, economic and social development of each nation played a critical role in the path to war and its ultimate outcome. Both official and popular documents offer the events leading up to the war, the politics surrounding it, popular sentiment in both countries about it, and the war's long-term impact on the future development and direction of these two nations. Headnotes, a chronology, maps and a selected bibliography enrich student understanding of this important historical moment.

Italian Gothic Horror Films, 1970-1979-Roberto Curti 2017-09-01 Italian Gothic horror films of the 1970s were influenced by the violent giallo movies and adults-only comics of the era, resulting in a graphic approach to the genre. Stories often featured over-the-top violence and nudity and pushed the limits of what could be shown on the screen. The decade marked the return of specialist directors like Mario Bava, Riccardo Freda and Antonio Margheriti, and the emergence of new talents such as Pupi Avati (The House with the Laughing Windows) and Francesco Barilli (The Perfume of the Lady in Black). The author examines the Italian Gothic horror of the period, providing previously unpublished details and production data taken from official papers, original scripts and interviews with filmmakers, scriptwriters and actors. Entries include complete cast and crew lists, plot summaries, production history and analysis. An appendix covers Italian made-for-TV films and mini-series.

Attack of the Killer Fishsticks-Paul Zindel 1993 In their first adventure, a fun-loving group of fifth graders confronts the Nasty Blobs, two of the meanest kids in school, and they help a new kid run for class office. Original.

The Count of Monte Cristo-Alexandre Dumas 2021-02-11T19:17:29Z Edmond Dantès is a young man about to be made captain of a cargo vessel and marry his sweetheart. But he is arrested at his pre-wedding feast, having been falsely accused of being a Bonapartist. Thrown into the notorious Château d'If prison, he eventually meets an ancient inmate who

teaches him language, science, and passes hints of a hidden fortune. When Edmond makes his way out of prison, he plots to reward those who stood by him (his old employer, for one), and to seek revenge on the men who betrayed him: one who wrote the letter that denounced him, one that married his fiancée in his absence, and one who knew Dantès was innocent but stood idly by and did nothing. The Count of Monte Cristo is another of Alexandre Dumas' thrilling adventure stories, possibly more popular even than The Three Musketeers. Originally serialized in a French newspaper over the course of a year-and-a-half, it was enormously popular after its publication in book form, and has never been out of print since. Its timeless story of adventure, historical drama, romance, revenge, and Eastern mystery has been the source of over forty movies and TV series. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Language, Authority, and Criticism-Suzanne DeCastell 1989 The content and form of the school curriculum have always been of paramount concern for educators. What should children read and study? How should the stories, scientific and historical knowledge - the literate tradition of a culture - be taught? This book features original articles from a range of disciplinary perspectives, and identifies theoretical and practical issues educators and researchers need to confront in order to make informed decisions about textbook form, content and selection.

Priceless-Linda Kage 2019-12-17 Three things in my life were fact. I needed Sarah to survive. I needed sex to remain sane. And I could never mix sex with Sarah. I just knew—deep in my marrow—that if I did, I'd somehow lose her. All my deepest darkest secrets would crack open, bleed out, and ruin everything between us. I wouldn't unleash the shit inside me on my worst enemy, let alone her. So she stayed strictly in the friend zone. People probably thought I never went there with her because of her cerebral palsy, but f*ck them. She knew she was the most important person in my world, and I wasn't about to risk hurting our relationship just to make my c*ck happy. Until the moment she begged me to take her virginity. Now it's all about to hit the fan, because how the hell do you resist the one person forbidden to you when she says please? --Brandt Gamble

McBroom's Wonderful One-Acre Farm-Sid Fleischman 1997-09-22 When Josh McBroom learns that the eighty acres of Iowa farmland he's purchased are all stacked up on top of each other at the bottom of a muddy little pond, he thinks he's been bamboozled. But McBroom knows he's got the better of the bargain when the pond dries up to reveal an acre of soil so rich that seeds spring up into full-grown plants in no time and even nickels grow into quarters.

The Alchemist-Paulo Coelho 2015-02-24 A special 25th anniversary edition of the extraordinary international bestseller, including a new Foreword by Paulo Coelho. Combining magic, mysticism, wisdom and wonder into an inspiring tale of self-discovery, The Alchemist has become a modern classic, selling millions of copies around the world and transforming the lives of countless readers across generations. Paulo Coelho's masterpiece tells the mystical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure. His quest will lead him to riches far different—and far more satisfying—than he ever imagined. Santiago's journey teaches us about the essential wisdom of listening to our hearts, of recognizing opportunity and learning to read the omens strewn along life's path, and, most importantly, to follow our dreams.
