Against Remembrance-David Rieff 2011-04-01 In Against Remembrance, David Rieff provocatively argues that the business of remembrance, particularly of the great tragedies of the past, are politicised events of highly selective memory. Rather than ending injustices, as we expect it to, collective memory in so many cases dooms us to an endless cycle of vengeance. Humanity, he says, simply cannot cope with the true ambivalence of historical events. And if we remember only partially, how can our memories serve us, or our society, as well as we hope?

Sicilian Carousel-Lawrence Durrell 2012-06-12 A moving account of friendship and discovery on the island of Sicily from the acclaimed travel writer and bestselling author of The Alexandria Quartet. Despite decades spent writing poetic evocations of the timeless pleasures of life in the Mediterranean, Lawrence Durrell had never set foot on the sea's largest island: mysterious, impenetrable Sicily. For years his friend Martine begged him to visit her on this sun-kissed paradise, and though he always intended to, life inevitably interfered. It took Martine's sudden death to finally bring him to the island's shores. With Martine's letters in his pocket, Durrell signs up for a tour group, hoping to learn the travel habits of those who aren't obsessively devoted to island life. As he treks from sight to sight, dizzy with history and culture, Durrell finds echoes of his past lives in Rhodes, Cyprus, and Corfu.

The Work of the Angel in Our Astral Body-Rudolf Steiner 2006 1 lecture, Zurich, October 9, 1918 (CW 182) In this much loved lecture, Steiner reveals that the angels--the spirits closest to human beings --are trying to create images in human astral bodies. Such images are given for the purpose of bringing about "definite conditions in the social life of the future," related to brotherhood, religious freedom, and conscious

spirituality. Other spiritual beings, however, work in opposition to the angels. If, because of their disruption, humanity sleeps though the angels' spiritual revelation, the consequences will be dire, leading to the manifestation of sexual aberrations, the misuse of medicine, and the misapplication of mechanical and technological forces.

At Work with Grotowski on Physical Actions-Thomas Richards
2003-09-02 `I consider this book a precious report that permits one to assimilate some of those simple and basic principles which the self-taught at

times come to know, yet only after years of groping and errors. The book furnishes information regarding discoveries which the actor can understand in practice, without having to start each time from zero. Thomas Richards has worked with me systematically since 1985. Today he is my essential collaborator in the research dedicated to Art as Vehicle.' - from the Preface by Jerzy Grotowski
