The Gay Archipelago-Tom Boellstorff 2005-11-06 The Gay Archipelago is the first book-length exploration of the lives of gay men in Indonesia, the world's fourth most populous nation and home to more Muslims than any other country. Based on a range of field methods, it explores how Indonesian gay and lesbian identities are shaped by nationalism and globalization. Yet the case of gay and lesbian Indonesians also compels us to ask more fundamental questions about how we decide when two things are "the same" or "different." The book thus examines the possibilities of an "archipelagic" perspective on sameness and difference. Tom Boellstorff examines the history of homosexuality in Indonesia, and then turns to how gay and lesbian identities are lived in everyday Indonesian life, from questions of love, desire, and romance to the places where gay men and lesbian women meet. He also explores the roles of mass media, the state, and marriage in gay and lesbian identities. The Gay Archipelago is unusual in taking the whole nation-state of Indonesia as its subject, rather than the ethnic groups usually studied by anthropologists. It is by looking at the nation in cultural terms, not just political terms, that identities like those of gay and lesbian Indonesians become visible and understandable. In doing so, this book addresses questions of sexuality, mass media, nationalism, and modernity with implications throughout Southeast Asia and beyond.

Online News and the Public-Michael B. Salwen 2004-12-13 This volume offers unique and timely insights on the state of online news, exploring the issues surrounding this convergence of print and electronic platforms, and the public's response to it. It provides an overview of online newspapers, including current trends and legal issues and covering issues of credibility and perceptions by online news users. The heart of the book is formed by empirical studies-mostly social surveys-coming out of the media effects and uses traditions. The chapters are grounded in theoretical frameworks and bring much-needed theory to the study of online news. The frameworks guiding these studies include media credibility, the third-person effect, media displacement, and uses and gratifications. The book ends with a section devoted to research on online news postings. This book is appropriate for scholars, researchers, and students in journalism, mass communication, new media, and related areas, and will be of interest to anyone examining how people use the web as a source for news.

Gore Vidal's America-Dennis Altman 2005-10-28 Gore Vidal is one of the most significant American writers of the second half of the twentieth century, having produced a large number of best selling novels, essays, plays and pamphlets which have impacted on major political and social debates for fifty years. He is both a serious writer and a television and movie celebrity, whose increasingly acerbic picture of the United States guarantees he is both revered and reviled. Gore Vidal's America examines the ways in which Vidal's writings on history, politics, sex and religion throw into focus our understandings of the United States, but also recognizes his versatility and inventiveness as a creative writer, some of whose novels - Julian; Myra Breckinridge; Lincoln; Duluth - are among the important literary works of their time. Ranging from Vidal's early defence of homosexuality in The City and the Pillar (1948) to his most recent writings on the war in Iraq, this book provides a unique perspective on the evolution of post-World War II American society, politics and literature. As Altman writes: "Difficult not to see in the results of the 2004 elections, where the Republican right gained in both the White House and the Senate, proof of Vidal's worse fears, namely that the impact of imperial adventure, big money and religious moralism would increasingly imperil the American Republic."

Ignacio Cabeza?n 1992-01-01 This book explores historical, textual, and social questions relating to the position and experience of women and gay people in the Buddhist world from India and Tibet to Sri Lanka, China, and Japan. The result of original and innovative research, the author offers new perspectives on the history of the attitudes toward, and of the self-perception of, women in both ancient and modern Buddhist societies. Inside the Gender Jihad-Amina Wadud 2013-10-01 A world-renowned professor of Islamic studies, Amina Wadud has long been at the forefront of what she calls the 'gender jihad,' the struggle for justice for women within the global Islamic community. In 2005, she made international headlines when she helped to promote new traditions by leading the Muslim Friday prayer in New York City, provoking a firestorm of media controversy and kindling charges of blasphemy among conservative Muslims worldwide. In this provocative book, "Inside the Gender Jihad", Wadud brings a wealth of experience from the trenches of the jihad to make a passionate argument for gender inclusiveness in the Muslim world. Knitting together scrupulous scholarship with lessons drawn from her own experiences as a woman, she explores the array of issues facing Muslim women today, including social status, education, sexuality, and leadership. A major contribution to the debate on women and Islam, Amina Wadud's vision for changing the status of women within Islam is both revolutionary and urgent.

Vengeance Is Mine, All Others Pay Cash-Eka Kurniawan 2017-08-01 Vivid, bawdy, comic, and arresting, the exciting new novel by the Indonesian phenomenon, Eka Kurniawan Told in short, cinematic bursts, Vengeance Is Mine, All Others Pay Cash is gloriously pulpy. Ajo Kawir, a lower-class Javanese teenage boy excited about sex, likes to spy on fellow villagers in flagrante, but one night he ends up witnessing the savage rape of a beautiful crazy woman by two policemen. Deeply traumatized, he becomes impotent. His efforts to get his virility back all fail, and Ajo Kawir turns to fighting as a way to vent his frustrations. He gets such a fearsome reputation as a brawler that he is hired to kill a thug named The Tiger, but instead Ajo Kawir falls in love with Iteung, a gorgeous female bodyguard who works for the local mafia. Alas, the course of true love never did run smooth... Fast-forward a decade. Now a truck driver, Ajo Kawir has reached a new equanimity, thinking that his penis may be trying to teach him a lesson and even consulting it in many situations as if it were his guru—love may yet triumph. Vengeance Is Mine, All Others Pay Cash shows Eka Kurniawan in a gritty, comic, pungent mode that fans of Quentin Tarantino will appreciate. But even with its liberal peppering of fights, high-speed car chases, and ladies heaving with desire, the novel continues to explore Kurniawan's familiar themes of female agency in a violent male world dominated by petty criminals and a corrupt police state.

However, upon hearing Cain's prophecy, one of Ezryan's companions revealed the commander's last words, which he secretly confided before he died. Believing Women in Islam-Asma Barlas 2019-01-16 Does Islam call for the oppression of women? Non-Muslims point to the subjugation of women that occurs in many Muslim countries, especially those that claim to be "Islamic," while many Muslims read the Qur'an in ways that seem to justify sexual oppression, inequality, and patriarchy. Taking a wholly different view, Asma Barlas develops a believer's reading of the Qur'an that demonstrates the radically egalitarian and antipatriarchal nature of its teachings. Beginning with a historical analysis of religious authority and knowledge, Barlas shows how Muslims came to read inequality and patriarchy into the Qur'an to justify existing religious and social structures and demonstrates that the patriarchal meanings ascribed to the Qur'an are a function of who has read it, how, and in what contexts. She goes on to reread the Qur'an's position on a variety of issues in order to argue that its teachings do not support patriarchy. To the contrary, Barlas convincingly asserts that the Qur'an affirms the complete equality of the sexes, thereby offering an opportunity to theorize radical sexual equality from within the framework of its teachings. This new view takes readers into the heart of Islamic teachings on women, gender, and patriarchy, allowing them to understand Islam through its most sacred scripture, rather than through Muslim cultural practices or Western media stereotypes. For this revised edition of Believing Women in Islam, Asma Barlas has written two new chapters—"Abraham's Sacrifice in the Qur'an" and "Secular/Feminism and the Qur'an"—as well as a new preface, an extended discussion of the Qur'an's "wife-beating" verse and of men's presumed role as women's guardians, and other updates throughout the book.

Qur'an and Woman-Amina Wadud 1999-06-10 Fourteen centuries of Islamic thought have produced a legacy of interpretive readings of the Qu'ran written almost entirely by men. Now, with Qu'ran and Woman, Amina Wadud provides a first interpretive reading by a woman, a reading which validates the female voice in the Qu'ran and brings it out of the shadows. Muslim progressives have long argued that it is not the religion but patriarchal interpretation and implementation of the Qu'ran that have kept women oppressed. For many, the way to reform is the reexamination and reinterpretation of religious texts. Qu'ran and Woman contributes a gender inclusive reading to one of the most fundamental disciplines in Islamic thought, Qu'ranic exegesis. Wadud breaks down specific texts and key words which have been used to limit women's public and private role, even to justify violence toward Muslim women, revealing that their original meaning and context defy such interpretations. What her analysis clarifies is the lack of gender bias, precedence, or prejudice in the essential language of the Qur'an. Despite much Qu'ranic evidence about the significance of women, gender reform in Muslim society has been stubbornly resisted. Wadud's reading of the Qu'ran confirms women's equality and constitutes legitimate grounds for contesting the unequal treatment that women have experienced historically and continue to experience legally in Muslim communities. The Qu'ran does not prescribe one timeless and unchanging social structure for men and women, Wadud argues lucidly, affirming that the Qu'ran holds greater possibilities for guiding human society to a more fulfilling and productive mutual collaboration between men and women than as yet attained by Muslims or non-Muslims.

Coming of Age in Second Life-Tom Boellstorff 2015-08-25 Millions of people around the world today spend portions of their lives in online virtual worlds. Second Life is one of the largest of these virtual worlds. The residents of Second Life create communities, buy property and build homes, go to concerts, meet in bars, attend weddings and religious services, buy and sell virtual goods and services, find friendship, fall in love--the possibilities are endless, and all encountered through a computer screen. At the time of its initial publication in

2008, *Coming of Age in Second Life* was the first book of anthropology to examine this thriving alternate universe. Tom Boellstorff conducted more than two years of fieldwork in Second Life, living among and observing its residents in exactly the same way anthropologists traditionally have done to learn about cultures and social groups in the so-called real world. He conducted his research as the avatar "Tom Bukowski," and applied the rigorous methods of anthropology to study many facets of this new frontier of human life, including issues of gender, race, sex, money, conflict and antisocial behavior, the construction of place and time, and the interplay of self and group. *Coming of Age in Second Life* shows how virtual worlds can change ideas about identity and society. Bringing anthropology into territory never before studied, this book demonstrates that in some ways humans have always been virtual, and that virtual worlds in all their rich complexity build upon a human capacity for culture that is as old as humanity itself. Now with a new preface in which the author places his book in light of the most recent transformations in online culture, *Coming of Age in Second Life* remains the classic ethnography of virtual worlds.

Johnny Carson-Henry Bushkin 2013-10-15 "A close look at how show business power corrupts . . . The dishiest read of the year." - Janet Maslin, "Ten Favorite Books of the Year," New York Times "Here's Johnny!" Probably everyone in America knows the phrase, whether they watched every episode of *The Tonight Show* or none because they had to go to bed early on school nights. From 1962 to 1992, Johnny Carson and his *Tonight Show* dominated the American consciousness. Henry Bushkin was Carson's best friend and lawyer during that period, and his book is a tautly rendered and remarkably nuanced portrait of Carson, revealing not only how he truly was, but why. Bushkin explains why Carson, a voracious (and very talented) womanizer, felt he always had to be married; why he couldn't visit his son in the hospital and wouldn't attend his mother's funeral; and much more. Johnny Carson is by turns shocking, poignant, and uproarious — written with a novelist's eye for detail, a screenwriter's ear for dialogue, and a knack for comic timing that Carson himself would relish. "A fascinating book about a complex man." — Pittsburgh Post-Gazette "Like *The Tonight Show*, the book has many a merry moment . . . [Johnny Carson] was also one of a kind, and is missed. This book brings a bit of him back." — St. Louis Post-Dispatch A People magazine Top Ten Book of the Year

Bali-Janet De Neefe 2011 When Janet De Neefe travelled to Bali 26 years ago she fell in love - not only with a man, but also with the island's fascinating culture, warm people and mouth-watering food. Since then, Janet has been collecting Balinese recipes, teaching local cooking methods and heralding the delights of this colourful cuisine, and in this book she shares all that she has learned. Follow Janet on a spice trail through Bali and its rich food culture, with chapters exploring sambals, rice dishes, curries and coconut, street food, ceremonial food, modern offerings and sweets. Each recipe is accompanied by an insight into the local culture, while key Balinese ingredients - such as kencur, candlenuts and shrimp paste - are explained in an extensive glossary. The recipes will surprise and inspire: there are well-known dishes such as Gado Gado and Chicken Satay, while more unusual offerings include Pork Spare Ribs with Tomato Sambal, Minced Prawns and Coconut in Banana Leaves, and Black Rice and Tangerine Tart.
