Limites sanadores / Healing Limits -Anselm Grün 2005-04-01 El propósito de esta obra es crear conciencia entre sus lectores tanto de la extralimitación, como de las limitaciones, que suelen acompañar en su periplo por la vida a las personas desubicadas de lo que debe ser su centro. El mismo permitirá a las personas conocer su nivel de movimiento y sus limitaciones.

Limites Sanadores -Maria Robben 2019-11-09 Vivir, en lugar de ser vivido. De eso se trata. Ya que el que no pueda decir no, enfermará. Quien quiera responder siempre a todas las expectativas, pronto notará con dolor sus límites. Ya sea en la pareja, en la profesión, en la educación; para todas las relaciones se aplica que es importante poder delimitarse. Muchos viven más allá de sus fuerzas o sus condiciones. En algún momento se pecatan de que han perdido su centro. Pero sólo quien tiene su centro podrá crecer más allá de sus propios límites. Anselm Grün y María Robben lo experimentaron en reiteradas oportunidades a través del acompañamiento, y también lo atestiguan al hacer referencia a historias de sabiduría de la Biblia y otros relatos: Para que el encuentro resulte, es necesario un buen equilibrio entre la protección y la propia apertura, entre la delimitación y la entrega. Sólo aquel que sepa de límites, también podrá traspasarlos para acercarse al otro y encontrarlo verdaderamente.El padre Anselm Grün, nació en 1945 en Alemania.Está a cargo de la dirección de veinte emprendimientos económicos en la abadía benedictina de Munsterschwarzach, en donde trabajan cerca de trescientas personas. Cancer as a Wake-Up Call -M. Laura Nasi, M.D. 2018-10-02 An oncologist’s integrative path to treating and living better with or beyond cancer Dr. M. Laura Nasi presents a new way of looking at how we view and treat cancer. With current advances in medicine, we’re learning more about the ways different aspects of our lives and health impact and interact with one another—why does one long-term smoker get diagnosed with stage-4 lung cancer while another remains cancer-free? Why does someone exposed to a known carcinogen get sick while someone else is apparently immune? What seemingly unrelated factors end up playing key roles in disease etiology, progression, and prognosis? In this well-researched, inspiring, and easy-to-read guide, Dr. Nasi offers an integrative, whole-person approach to cancer, and explains how it is a systemic disease manifesting a global condition locally. Conventional medicine focuses on attacking malignant cells. Integrative medicine encourages chemo and radiation when necessary, while also focusing on a patient’s internal balance to help halt the disease. Nasi draws on the latest research on the PNIE (psycho-neuro-immuno-endocrine) network to help our systems recognize, repair, or eliminate the cancer cells, focusing on nutrition, stress management, exercise, adequate sleep, healthy relationships, and other body/mind/spirit modalities. Dr. Nasi encourages patients to become empowered agents of their own care.

Todo me cae mal -Jhon Ospina Nieto 2020-04-01 Todo me cae mal, es una causa frecuente de consulta en nuestro escenario clínico, millones de personas en el mundo solicitan ayuda por esta razón. Si bien este es un motivo de consulta frecuente es decididamente más importante de lo que las personas puedan pensar, pues los síntomas digestivos son la expresión de muchas enfermedades. En este libro se exponen los aspectos más relevantes de la patología gastrointestinal y un planteamiento más acertado y cercano al público acerca de ese mal llamado pero muy famoso "síndrome de colon irritable". Además se explica el concepto de integralidad del individuo como clave para entender desde cuatro pilares todos los cambios orgánicos, de esta forma en el libro se plantea no solo la manera correcta de acercarse a los síntomas digestivos sino la necesidad de un equilibrio permanente entre el estilo de vida, el medio ambiente, el entorno espiritual y mental y los hábitos nutricionales buscando recuperar el bienestar gastrointestinal. Para ello se presentan claves y recomendaciones generales y nutricionales muy cercanas a su mesa y su vida diaria. El texto parte además de la base de la necesidad de hacer un diagnóstico preciso pues muchas enfermedades gastrointestinales y extragastrointestinales se manifiestan con los mismos síntomas, es así como muchas personas que sufren de otras enfermedades son "rotulados" con diagnósticos inadecuados como "colon irritable" exponiéndolos inclusive a la progresión de patologías catastróficas.

Making Medicines in Early Colonial Lima, Peru -Linda A. Newson 2017 "Based on extensive archival research in Peru, Spain, and Italy, Making Medicines in Early Colonial Lima, Peru examines how apothecaries in Lima were trained, ran their businesses, traded medicinal products, prepared medicines, and found their place in society. In the book, Newson argues that apothecaries had the potential to be innovators in science, especially in the New World where they encountered new environments and diverse healing traditions. However, it shows that despite experimental tendencies among some apothecaries, they generally adhered to traditional humoral practices and imported materia medica from Spain rather than adopt native plants or exploit the region's rich mineral resources. This adherence was not due to state regulation, but reflected the entrenchment of humoral beliefs in popular thought and their promotion by the Church and Inquisition"--Provided by publisher.

Disabled Bodies in Early Modern Spanish Literature-Encarnación Juárez-Almendros 2018-06 Disabled Bodies in Early Modern Spanish Literature: Prostitutes, Aging Women and Saints examines the concepts and role of women in selected Spanish discourses and literary texts from the late fifteenth to seventeenth centuries from the perspective of feminist disability theories. This study explores a wide range of Spanish medical, regulatory and moral discourses, illustrating how such texts inherit, reproduce and propagate an amalgam of Western traditional concepts of female embodiment. It goes on to examine concrete representations of deviant female characters, focusing on the figures of syphilitic prostitutes and physically decayed aged women in literary texts such as Celestina, Lozana andaluza and selected works by Cervantes and Quevedo. Finally, an analysis of the personal testimony of Teresa de Avila, a nun suffering neurological disorders, complements the discussion of early modern women’s disability. By expanding the meanings of contemporary theories of materiality and the social construction of disability, the book concludes that paradoxically, femininity, bodily afflictions, and mental instability characterized the new literary heroes at the very time Spain was at the apex of its imperial power. Ultimately, as this study shows, the broken female bodies of pre-industrial Spanish literature reveal the cracks in the foundational principles of power and established truths.

Marconics-Lisa Wilson 2016-01-12 Marconics The Human Upgrade, is the story of a new multidimensional energy system that arrived on the planet at the end of 2012, marking the final phase of an operation by Galactic Founders to conclude the evolution of the human experience. This is the Clarion Call, as all Spiritual journeys will culminate with the Ascension of mankind out of the limited belief systems and paradigms of fear that have enslaved humanity in the density of the material realm for eons. All will pass through the Karmic Gates as free souls, to traverse space without time, to create new realities with limitless potential through higher love and compassion. The Spiritual Hierarchy is interceding to assist the many who struggle to maintain their own higher vibrations in Earths planetary ecosystem, which has been disconnected from Source. Marconic Energy Practitioners are the Gate Keepers and will facilitate the rapid integration of multiple bandwidths of harmonic resonance, or Higher Selves, within the human form, as our own Soul Identities descend to meet us on the Rainbow Bridge to guide us back up through the Star Gates to the Ascension Path we lost when Atlantis fell. Deities are returning to Earth to blend with their individualized incarnates; Spiritual Teachers, Guardians, Angels and Ascended Masters are integrating with their human counterparts in the Birth of the Avatar Race. The Avatars, Grace Elohim Redeemer of Souls, and Archangel Ariel Creator of Worlds, have returned, under Divine Directive, to gather the lost souls of Atlantis and return them home to Source. As they move through the karmic Gates of Ascension towards Event Horizon it is left to you, our Gate Keepers, to ensure the progressive integration of higher harmonics which will raise them up like chariots and deliver them home. - Grace Elohim

The Wounded Healer-Henri J. M. Nouwen 2013-11-20 A hope-filled and profoundly simple book that speaks directly to those who want to be of service in their church or community, but have found the traditional ways often threatening and ineffective. In this book, Henri Nouwen combines creative case studies of ministry with stories from diverse cultures and religious traditions in preparing a new model for ministry. Weaving keen cultural analysis with his psychological and religious insights, Nouwen has come up with a balanced and creative theology of service that begins with the realization of fundamental woundedness in human nature. Emphasizing that which is in humanity common to both minister and believer, this woundedness can serve as a source of strength and healing when counseling others. Nouwen proceeds to develop his approach to ministry with an analysis of sufferings—a suffering world, a suffering generation, a suffering person, and a suffering minister. It is his contention that ministers are called to recognize the sufferings of their time in their own hearts and make that recognition the starting point of their service. For Nouwen, ministers must be willing to go beyond their professional role and leave themselves open as fellow human beings with the same wounds and suffering—in the image of Christ. In other words, we heal from our own wounds. Filled with examples from everyday experience, The Wounded Healer is a thoughtful and insightful guide that will be welcomed by anyone engaged in the service of others.

The Healing Organization-Raj Sisodia 2019-09-17 The image of modern corporations has been shaped by a focus on profits over people and the environment, but this approach to capitalism is no longer viable. We are at an inflection point where business must take the lead in healing the crises of our time. The Healing Organization shows how corporations can become healing forces. Conscious Capitalism pioneer Raj Sisodia and organizational innovation expert Michael J. Gelb were inspired to write The Healing Organization because of the epidemic of unnecessary suffering connected with business, including the destruction of the environment; increasing numbers living paycheck-to-paycheck and barely surviving (despite working full-time or even multiple jobs); rising rates of depression and stress leading to chronic health problems; and because the enmity and dividedness between those who champion unfettered capitalism and those who advocate socialism is exacerbating rather than solving our problems. Based on extensive in-depth interviews and inspiring case studies, the authors show how companies such as Shake Shack, Hyatt, KIND Healthy Snacks, Eileen Fisher, H-E-B, FIFCO, Jaipur Rugs and DTE Energy are healing their employees, customers, communities and other stakeholders. They represent a diverse sampling of industries and geographies, but they all have significant elements in common, besides being profitable enterprises: Their employees love coming to work. They have passionately loyal customers. They make a significant positive difference to the communities they serve. They preserve and restore the ecosystems in which they operate. In a world that urgently needs healing on many levels, this is a movement whose time has come.. This book shows how it can be done, how it is being done, and how you can begin to do it too.
